

2022 Magical Mystery Tour

13 December 2021

Hello Rally enthusiasts

2022 Magical Mystery Tour - UPDATE

It is not the Grand Prix, nor the Supercar, or V8s, nor the “*Not the V8 Hash Run*” being organised by Circumference and STD tonight. Just the quiet scenic Magical Mystery Tour.

Units 3, 4 and 7 are booked at **The Outlook** for the weekend of 18 to 20 February.

I received over 20 sign-ups after the rally, to participate in the Rally next year.

As mentioned before, I was considering going into NSW next year, but with the uncertainty of Covid closing borders so quickly, I thought it might be best to keep the rally in Queensland again.

Format would be the same as 2021, Friday and Saturday night dinner at The Outlook, breakfast Saturday and Sunday morning. Arriving at The Outlook sometime Friday afternoon and departing Sunday morning by 11:00 am.

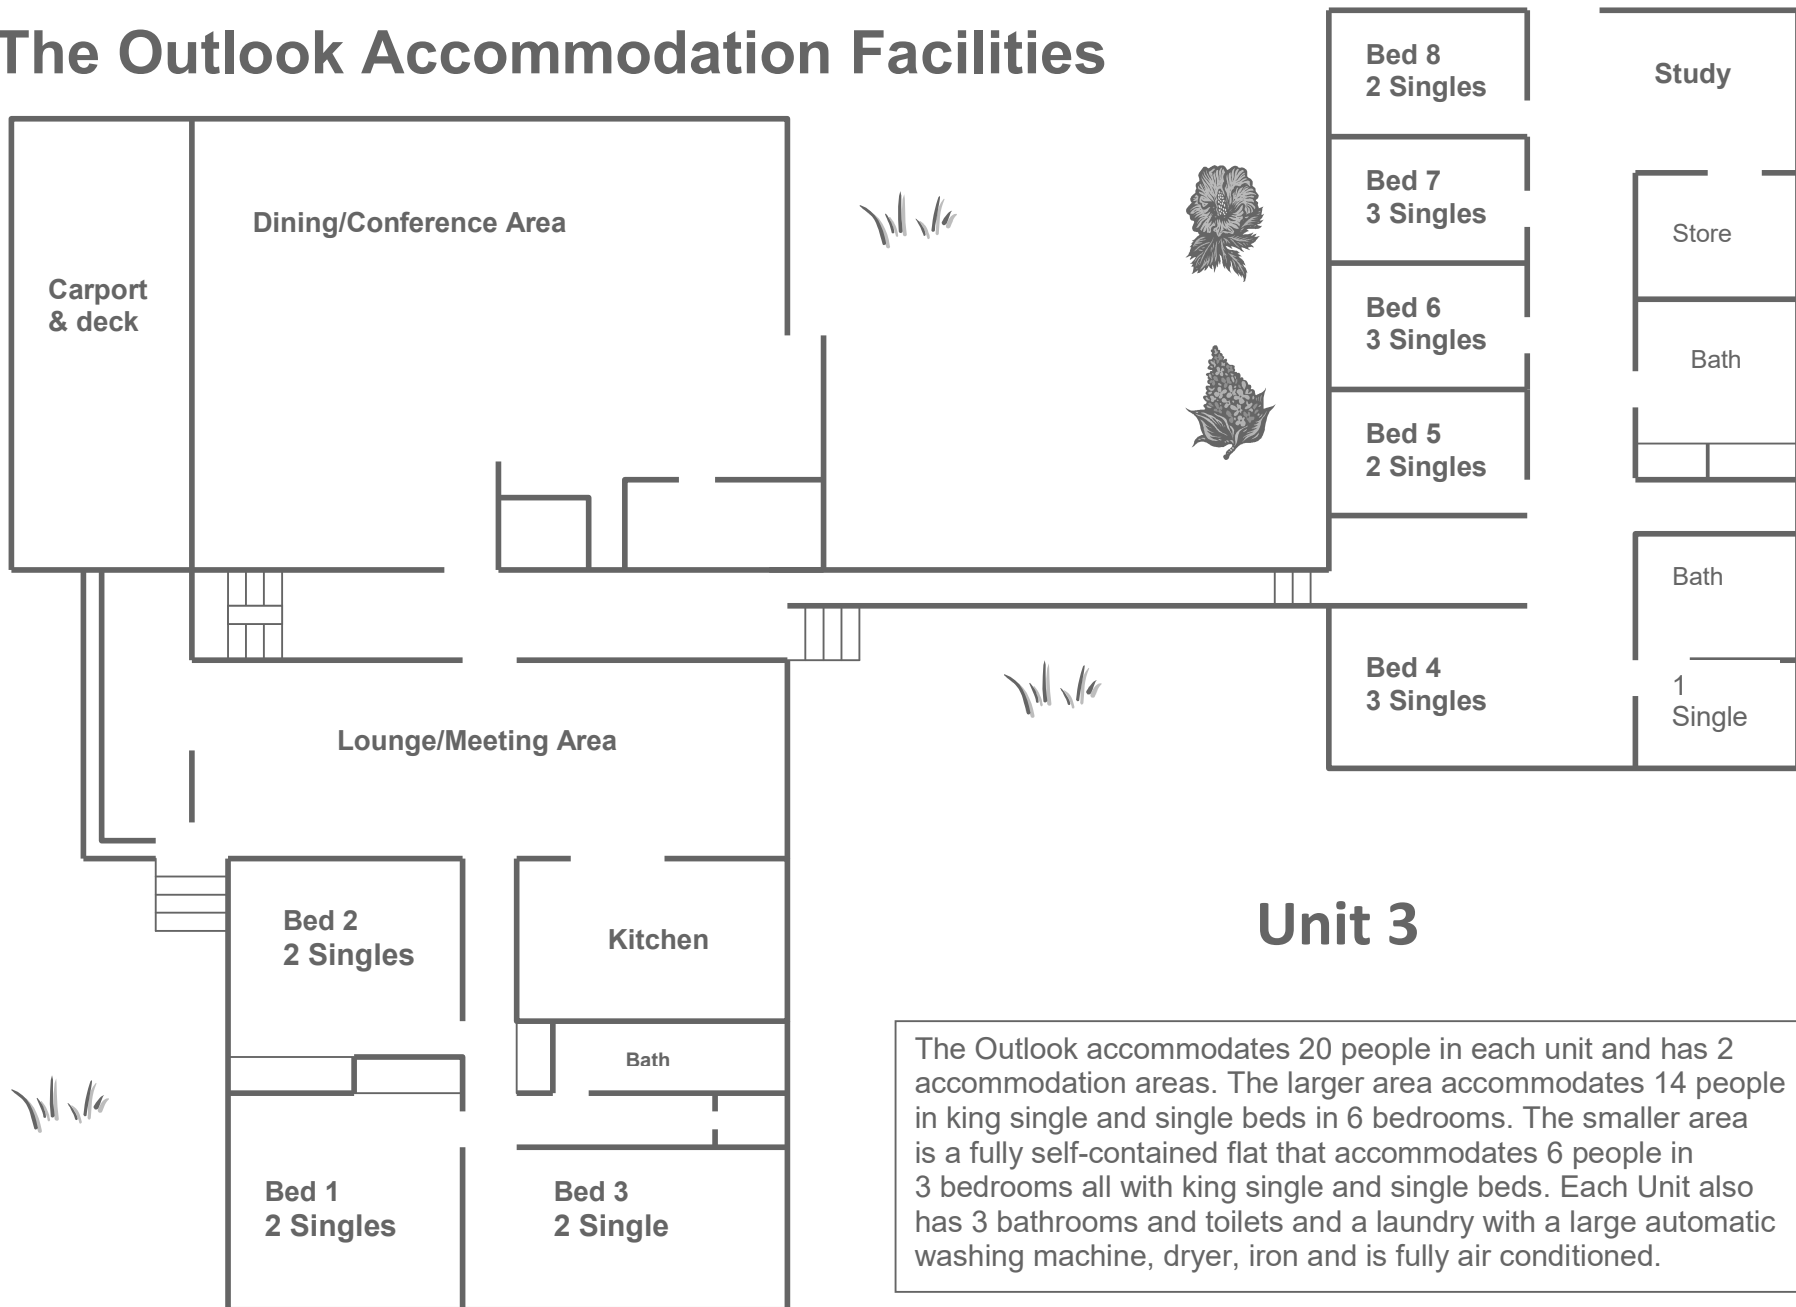

The Outlook has recently contacted me with an update on acceptable numbers for the Units and maximum numbers allowed in each unit will be dependant on guests being vaccinated or not. I have received a registration form from them that includes a section for vaccination status, so please respond advising so I can complete the form. This may limit the numbers allowed in the Units.

For those that have not yet indicated their intention to participate, please let me know numbers and if there is a preference for Unit 3, Unit 4 and Unit 7. Unit 7 is where all the activities will take place as there is a large hall and deck.

I have attached floor plans of the three Units. There are still rooms in Units 3 and 7. Unit 4 is full.

On on,
Mad Mike

The Outlook Accommodation Facilities
