

Don Grenville

[aka: Darwin Don, Gypo]

An Invitation to a living Wake

The old bloke has indicated to his Newcastle Hash Mates that he would like to be at his own Wake ("to hear what people will say about me")

To this end Don has offered to put a pile of his hard earn wealth on the bar for an event organised in Newcastle on Saturday 21st September.

It is anticipated that those of his hash, and other friends, who can, will join in on this occasion.
