

## GCH3 Run# 2262 Report

Hares: **Arsenic and Derrollick My Balls**

Location: **Herbert Park, West Burleigh**

A large crowd of hashers assembled in the car park outside the local drug rehab clinic and moved to a rotunda in Herbert Park. A number of Covid hashers were in attendance indicating the run would be no flat track.

At 6pm GM **Commander Head** called the pack to order and **Arsenic and Derrollick My Balls** gave the instructions for the run and walk. The runners and walkers trail headed up a bloody great hill, which **Swindler** didn't like the look of and headed back to the start. After negotiating a number of obstacles on the hill climb, the trail led to a track when the runner's trail went to the left and the walkers to the right. The walker's trail then proceeded along a slightly wet track before heading downhill. **S-Bends** took a tumble on the start of the downhill track but emerged unscathed and the walkers emerged on Kortum Drive and headed back to the start for a total distance of 2.5 km.

Confusion then reigned for the runners as the pack encountered a Border Hash trail. **Pepe** and **Y2K** with inside knowledge headed to the piss stop. **Botcho** and others headed right eventually hitting an asphalt track and passing the Thai restaurant on the way back to the start. **Rainbow** and **Swollen Colon** hitched a ride with **Arsenic** to the piss stop where, due to a lack of runners, there was plenty of beers to drink. **Botcho** reckons he ran about 5km. How far the actual trail actual was, which was completed by three runners, who knows.

Back at the run site **Kwakka** and **Hard On** registered the runners including **Corkscrew**, a visitor from Koh Samui H3. Kettle chunky chips and Arnott's shapes appeared as entrees. **Sir Ferret's** wallet went missing after he signed on which entailed a detailed search before it was eventually found in **Shat's** bag.

GM **Commander Head** called the pack to order and welcomed the assembled crowd. The hares **Arsenic** and **Derrollicked My Balls** were given a down down.

The fact that the runner's trail had run across a Border Hash trail had caused mass confusion. **Rainbow** rated the run a 9/10 probably due to the number of beers he had at the piss stop.

**S-bends** gave a walk report and rated it 7.5/10.

Returning runners and visitors **Rainbow**, **Exelpet**, **Y2Ky Jelly**, **Pepe**, **Derrollick My Balls**, **Arsenic** and **Corkscrew** were called into the circle and given a down down.

RA **Shat** took over the circle, resplendent in his regalia, and blessed the crowd with the holy beer. He advised that confessionals were available in your local men's toilet block if required.

Charges followed.

**Sir Ferrett**. Aforementioned lost wallet.

**Now Loved**. A photo was circulated showing his uncanny resemblance to a recently arrested criminal on the Gold Coast.

**Miscarriage**. Incident involving the removal of concrete from a sewer pipe.

**Weekly**. Creating a fuss over his chair.

**KB.** Habitual late starter for runs, no excuse as now retired.

On Sec **Slug** was called to give an update on coming events:

Mackay H3 40 Years of Hashing - 24<sup>th</sup> to 26<sup>th</sup> September 2021.

Gympie H3 40 years of Hashing - 8<sup>th</sup> to 10<sup>th</sup> October 2021.

A question was asked of the circle, involving the types of beer and wine in the attached photo, to see who had read last week's run report. For the record:

Beer - Fosters, Tooheys Draught, Tooheys Lite, Swan lager. Wine - Mt. Royal Dry Riesling/Fruity White.

### **Splinter Hash - July**

Main Beach, Host **Carefree**

**Commander Head** took over the circle and called **Corkscrew**, our visitor from Koh Samui, into the circle. **SPV** reminded the group of the good times that they had with Koh Samui Hash.

**STD** called **Swollen Colon** into the circle and awarded him his "Master Blaster" award as he missed the AGPU.

### **Prick of the Week**

**Cum Smoke** the current holder nominated:

**SPV** for spoiling his workers with gourmet food offerings on the job.

**KB** for late arrival at the hash and wearing his Jaguar jacket

**Cum Smoke** also asked if any one still used dvds. I can still remember VHS tapes.

And the winner of POW was **KB**.

The GM then called on the hares **Arsenic and Derrolick My Balls** to announce 'end of circle'. **Swollen Colon** provided the 'fireworks'.

Pizzas were served and more beers and wine drunk well into the night.

Next Week's Run: #2263

Location: I Am Thai, Shop 2/105 West Burleigh Road, Burleigh Heads.

Hare: Fuck All

Never let the truth interfere with a good story.

On On,

**Slug**
