

## GCH3 Run# 2267 Hash Trash

Hare: **Sir Ferrett**

Location: **Burleigh Waters Sports Club, Christine Ave, Burleigh Waters**

Theme: **Ferrett's Birthday Run**

Arrived in the car park behind the Burleigh Waters library and caught up with **Mad Mike** and **Dr Death**. A healthy pack had gathered near the rotundas and **Kwakka** and **Hard On** were hard at work signing up hashers after sorting out a technical issue. **W Bat** was back after some weeks away and **Missing Link** made it two weeks in a row.

At 6pm GM **Commander Head** called the pack to order and **Sir Ferrett** gave the instructions for the run and walk. During this period **Banana Bender** rang my mobile as he couldn't find the starting point as he was down at the Tennis Club car park. Runners and walkers headed off together out of the car park on to Galleen Drive, through Galeen Park and across the bridge on to Honeyeater Drive where the runners went right and the walkers went left. The walk continued around Lake Heron along Cassowary Drive, through a couple of easements and back on to Christine Ave. On the final stretch home, **Truckie** went past **Sir Rabbitt** and myself on his push bike. The walk was ~3km and run ~5km.

Back at the run site, the pack mingled and consumed crackers, sliced up breadsticks and a hummus dip whilst the birthday beers were Crown Lagers supplied by **Sir Ferrett**. **KB** had stepped up as usual to assist with the food preparation and made sure the mash potato and peas weren't overcooked. With a cast of thousands watching, or so it seemed, **KB** was busy at the BBQ slicing up a pork roast and **Sir Ferrett** heating up the pork cracking. Mains were the aforementioned pork roast with sides of mash potato, peas, gravy and apple sauce.

GM **Commander Head** called the pack to order for the circle with dessert to be served later.

Immediately he announced a 'free' night as a lost wallet had been found which turned out to belong to **Fanny Charmer**. The GM and RA then called the hare **Sir Ferrett** in to the circle. It was then announced that tonight was his 1100<sup>th</sup> run. Seems some of the new grey berets handed out at the recent AGPU were a bit premature. Fellow over 80's hasher **Sir Blackstump** was called in to join him in the circle.

It was then mentioned that fellow hasher **Jigsaw** was also celebrating his birthday. **Jigsaw** then joined **Sir Ferrett** in the circle for a rendition of 'Hashy Birthday' and a Down Down.

**Sir Prince** informed the circle that one of the original Gold Coast hashers **Keith Sly** had passed away. **Keith** has been a regular hasher with ~500 runs before falling out with a fellow hasher.

**Ah Pisto** gave the run report. He mentioned that **Sir Ferrett** had given him a piece of chalk to mark the checks, unfortunately he was at the back of the pack. **Ah Pisto** then detailed the recent issues he's experienced whilst riding his bike including a ute cutting him off (**Brewtus** confirmed it wasn't him). This morning whilst riding into Surfers Paradise a truck had hit a tree and lost half his load and to top it off a magpie had also attacked him.

**Rug** gave the walk report and described it as a really nice walk that was well marked and rated it a **9/10**.

**W bat** back after a couple of months gave the nosh report and rated it **7/10**. Some tough marking of the nosh over the last few weeks.

GM handed the circle to RA **Shat**. The RA blessed the assembled crowd with the holy beer whilst chanting 'Jesus loves you forever'.

The RA then told a tale of a conversation with his friend '**Mohamed Fuk Ali Nojab Kunz**' currently on duties as RA to the Taliban in Afghanistan. By coincidence the RA received a call from his fellow RA in Afghanistan who wanted to know whether everyone was vaccinated and were they unclean. After offering to handle any beheadings for indiscretions, which the RA assured him was not required, the RA produced a bedpan which will be used for icings.

**Foxtrot** and **Magician** were called in for new shoes and given a Down Down.

**Truckie** was then called into the circle where his plumbing skills or lack thereof were revealed and he subsequently received a Down down.

The RA handed the circle back to the GM.

**Bent Banana** then came into the circle with lost property from last week's run including a 2000<sup>th</sup> run shirt, a 2019 AGPU Jumper and a hash wine glass.

**Sir Ferrett** came into the circle and asked the person who took a strawberry off his birthday cake to own up. **STD** was the culprit.

**KB** called in **Fanny Charmer** to congratulate him for jumping in to help with the serving of the food.

**Miscarriage** was called in for wearing his work clothes. He told a story about watching the AFL match between the Lions and the Bulldogs on Saturday. His mate was having a heart attack watching the match; where was the defibrillator? **Miscarriage** also showed off his new haircut and received a Down Down.

### Prick of the Week

**Mad Mike**, the current holder, stepped up and looked around the circle for candidates.

First up were the On Sec **Slug** and **Banana Bender**. **Mad Mike** wanted to know how many photos he had taken, why **Slug** was not smiling and whether the best photo of **Banana Bender** was used. **Banana Bender** had commented that he looked old in the photo. **Slug** commented that he never smiles in a photo and that **Mad Mike** had taken several photos and he'd chosen the best one. Those of you who take the time to look at the photos posted each week will know that **Slug** never smiles in a photo, however **S Bends** had managed to achieve as close as you can get in a photo that he took last night.

**Missing Link** was called in just to mention that he is an expert at denying fault and getting away with it.

**Fanny Charmer** was called in for losing his wallet.

Finally **STD** was called in for stealing a strawberry off **Sir Ferrett's** birthday cake.

And the winner is **STD**.

### Hash Jokes:

**Banana Bender** then told a Joke about **Sir Point Two** hashing in heaven where the esky is always full of VB and never runs out. What could possibly go wrong?

Punch Line: **Sir Ferrett** is next week's hare.

**Kwakka** told the one about the two dogs at the vet.

When the first dog was asked by the second dog why he was there, he said I think I'm being put down for sinking my teeth in **Magician's** member.

When the second dog was asked why he was there, he said he was going out for a walk when his owner bent down and he couldn't resist the urge to mount. Are you going to be put down the first dog asked, no the second one said, I'm here to get my nails clipped.

The GM called on **Sir Ferrett** to close the circle.

Another enjoyable birthday run set by **Sir Ferrett**.
