

## AGPU Run 2260 Report

Hares: Hierarchy

Venue: Federation Park, Broadbeach.

Arrived at 5.00pm to find a large group of hashers in their hash formals enjoying a beer or two and tasty nibbles supplied by Rug in the park. Our Covid Hash mates - **Ballbags, Arsenic, Derrolicked My Balls** and **Pepe** had joined us for the night and **Missing Link** made a welcome return.

At 5.45pm **STD** called the pack to order and we departed to the first (and only) drink stop at the Envy Hotel. On our arrival we were met with a lady collapsed on the floor who was taken away by a couple of paramedics. After several beers and discussions with inquisitive patrons we departed to the venue for the night - La Porchetta restaurant.

Hashers sorted out their seating arrangements, beers were ordered and red and white wines opened and consumed.

Our hostess for the night **Zoe** arrived.

The familiar starters of pizza bread and calamari were dished out.

**STD** gave a welcome speech and the new style caps (personally I think they look great) were handed out by **Hierarchy** and **Zoe** for run milestones.

The main event of the night, the announcement of the new hierarchy positions began.

In an attempt to avoid serving on committee in the near future, the old hierarchy brandished six-year exemption certificates (have to have our resident legal experts examine the validity of these certificates).

The hierarchy positions for 2021-2022 were announced.

Minister for Loose Ends - **Sir Slab** (other nominees - Shat, Bent Banana)

Trail Master - **Sir Rabbit** (other nominees - Mad Mike, Truck Tyres)

Hash Cash - **Kwakka** (other nominees - Jigsaw, Sir Ferrett)

On Sec/Hash Flash - **Slug** (other nominees - Shat, Sir Circumference)

Booze Master - **Booze Master** (other nominees - Bent Banana, Jigsaw)

RA - **Shat** (other nominees - Poxy, Rug)

Grand Master - **Commander Head** (other nominees – Jigsaw, Mad Mike)

Port was served and the crowd started to drift into the night, hopefully arriving home before the introduction of masks at 1pm.

As Nasty noticed on the night, keep it classy when dealing with our hostesses as we hope to see them on future runs.

On On,

**Slug/Nasty**
