

# Hash Trash

***.. don't let the facts get in the way of a good story!***

Run no 2258

Location AH Pesto Palace Paradise Point

Hare **Ah Pesto**

**34 Hashmen**

The large pack including a visitor and the Covid exile and birthday boy **Cumsmoke**, arrived at the Paradise Point waterfront palace all excited and anticipating an adventurous night with virgin territory from this virgin hare. Hash cash **Kwakka** was busy and his trusty assistant **Hardon** was once again in task ensuring everyone paid before they departed.

The dress theme for the night was long pants and tops and jackets as if the Arctic blast from the south had drifted in to the northern end of the GC.

The hash horn sounded and the run briefing was delayed due to the large number of hashmen still trying to pay. The **GM STD** introduced the hare at 6.04pm who gave a very deliberate and serious description of the run .....and with that the large pack was ready to go.

The trail was well marked and easily visible under the crescent moon on a clear night. There was some unique placement of paper and chalk using fences, stones and posts along the pathways.

On return to the palace the entree was all but gone as a select few had set up camp at the food tables right before the pack returned. The walk was about an hour and the runners started coming in at 7.10.

During his stories from the walk **SPV** expressed his concern about the health and safety of **Commander Head** in the Bush section.

Birthday beers were on offer from **Cumsmoke** and **Miscarrage** who was still suffering the effects of his COVID jab and was not his usual self

The Nosh was home made real beef burgers with chili cooked on the BBQ by the hare. The gourmet is back in hash!! The desert was delicious homemade brownies and icecream.

The circle was called by **GM STD**

Visitors: *Geoff* a mate of **Mad Mike**.

Returning runners: **Arseup, Now Loved, Slug, HalAI**

Run report by **Bent Banana** said it was a good run and a bit long.

**Fanny Charmer** gave the walk report of 4.6klm along streets park and Bush. **Cumsmoke** wanted to be on record and said it was the best bush run he has done all year.

Nosh report by **Sir Ferret**, and he enjoyed two pieces of brownie and the home made hamburgers and the spice of chili added great value. 8/10

Charges were lead by stand in RA **SPV** and he shared the history of Trust Me renovations with **Cumsmoke** as a warning that he has first rights. They both shared stories of **Missing Link's** prowess with cutting equipment that has electrical chords attached. **Sir Blackstump** shared a story of **Missing Links** misadventure driving a tractor with a slasher to clear the neighboring block whilst **SBS** had his leg in plaster. It was hard to shut **Cumsmoke** up with his shares of what has gone wrong on his job sites.

**Miscarrage** was the subject of an **SPV** charge, due to his visit to a grab a granny bar in the back of Toowoomba. **Miscarrage** responded with a story about a wine tour in NSW Hunter Valley where **SPV** bought a case of "catspiss" for \$14 over the local bottle-shop price per bottle.

**Ferret** charged **Sir Botcho** with false advertising that we have virgin hare of 240 runs with Dubai Creek hash. Both had a DD.

**Cumsmoke** charged **SPV** with increasing cost of labor by offering better food for his workers.

POW: **VD** charged **WomBat** with queue jumping for Nosh and **Cumsmoke** for dummy spitting at Covid Hash. Not sure how this is a charge for GCH3 but **Cumsmoke** was the winner.

**Ah Pisto** told a story about his open fire experience in Dubai Creek Hash and why he has a fake fire now which we all enjoyed tonight.

**Botcho** shared a story about **VD's** recent run at cricket club in Robina and the call from the cricket club president about the video footage of our club night and the damage the remnants of the "keg fire" left on the surrounding grass and the remaining ashes as some "big fat guy" kicked it down the hill. Apart from **Nasty** who (who didn't do it) who else comes to mind?
