Corkage – best of all it is free !!! wine and beer, how good is that !!!!!

Format – the usual Hash disorganised stuff

Special guests – we have invited our brother hashers from Gold Coast and indications are there may well be a few of these reprobates make the trip to add a bit of colour to the event.

What else – We had an RRR here about two years back and Hashmen raved about the quality of the seafood and the prices!
So, for a good day out at minimum cost (most of us are tightwads, or pensioners), you cannot beat the Famous RRR Lunch

Cleansing ale after – there are a number of new trendy bars located in the Milton station complex. So for those that never know when they have had enough there's the go!
