

The day had come!

The AGPU!

The current Committee were hard at work to ensure a successful evening

Then, from nowhere came a tear jerking email from resident Hash oddity BallPoint.

He had just visited his mother in an area that had seen recent Covid activity but had rushed back to join his 'mates'.

Immediately 5 Committee members had to down tools and address what could be a health crisis for the Hash on this day of days.

Emails went to BP explaining the situation, The Host Blackstump threatened police action if BP turned up with possible COVID infection, the GM put in a call to BP. It was then that we found this was all a hoax and BP's version of a joke. Some may have found it amusing but the main task of the Committee members was diverted for around 8 collective hours at a time when those hours could have been better spent. It is sad that a brilliant mind can cause such inconvenience and not for the first time.

We moved on to [5pm](#) after much preparation by many. Blackstump took charge and we were directed on a delightful Run/Walk in familiar territory and back to the bucket in around 40-50 minutes. Some may have never left.

Soon New Scribe Nasty arrived with perfectly cooked chicken pieces suitably spiced. These were wolfed down by the Pack who then went back to enjoying themselves.

Shortly the GM took the floor and distributed largesse in the form of upmarket shirts and sunglasses as well as pocket patches to suit the new Tails some had received.

Awards were also announced for Best Run, Sir Botcho and Best Nosh, Now Loved, subcontracted to the one and only KB who accepted the Award in style.

Then came the announcement of the new Hierarchy, a slimmed down group reflecting changed times

Hash Cash

Kwakka - going around again.

Super Hon Sec, inc. TrailMaster, TrailerMaster, Flash Nasty

This role now combines all these administrative functions with help from seasoned campaigners such as Sir Rabbit, Blackstump, drivers as needed.

RA

Brutus.

BoozeMaster

Foxtrot Oscar

And finally!

GM

Sir Two Dogs

Immediately we feasted on Pasta Bolognese, salads, garlic bread all prepared by Host and 80th Birthday Boy, Blackstump with great help from Helen Blackstump.

When everyone was feeling sleepy as a result of marvellous Nosh we were roused again for a CELEBRATION of Blackstump's Hash Career to date conducted by impresario Sir Prince Valiant.

This was followed by a cutting of the cake which was again wolfed down with ice cream and fruit by the hungry Pack.

The night then slowly receded and Hashmen drifted away to their lairs happy and content after a great year.

On On

Carefree

Word is that the chicken wings and drummets were a highlight of the Nosh at the AGPU. The Nasty hotline was working overtime on Tuesday morning with hashmen very keen to share their opinion of the night.

Highlights of the calls. Guess which comments came from the GM and Carefree 😊

It was the best AGPU ever

It was the worst AGPU ever

The wine and food was fantastic

The wine and food was crap

There was enough of everything

There were rations for everything

It was a great night

It was fucking freezing

The awards were fantastic

The majority of awards were to committee

The new committee is fantastic

The new committee is fucking amazing

I'm sure you're all very pleased to know that nothing has changed in Hash and that with Sir Two Dogs at the helm GCHHH is in very good hands. Sir Rabbit said the wheels are back on the wagon. We are all looking forward to the first unified GCHHH run since COVID and a year of FUN FRIVOLITY, BUSH RUNS AND FUCK UPS as the rule book is thrown out the window.

As we are the Gourmet Hash here is the details of the award winning food from the AGPU with instruction provided by Carefree.

How to cook Chicken Wings

Nasty, For the cook: Method: Follow the instructions on packet exactly and the result will be great. I did two test runs and got good results. On the second I cooked for 25 minutes without issues. The pack says 20. Probably best to go to 25 due top the volume you are doing. You can layer using baking paper provided. Maybe as many as three layers but certainly two. Cook just once DO NOT reheat as they could go tough.
