

# **Hash Trash .. *don't let the facts get in the way of a good story!***

The **Nasty** hotline was busy with Covid coordination so this weeks run could go ahead and include as many hashmen as possible.

The footpath on Orchid Ave outside Costa D'ora was blocked with eager Hashmen happy to gather in great numbers during these new Covid compliance rules. **Sir Ferret** called for order at 6pm and told the runners and fast walkers to head to the light rail station and get off at Broadwater Park station and run/walk back. The rest can get off at Main Beach station and walk back.

There were a few hashmen who for various health (and beverage appreciation) reasons needed to stay behind at the restaurant, who were verbally abused by the hare and shamed into going for a short walk. The hare of course did not leave and stayed behind drinking red wine 🍷. After all he was trained during his public service years to be Australia's greatest delegator, and it is his birthday.

On return from the run hashmen were calling for spectacles and magnifying glasses to complete the Covid forms on the tables. Some needed help to spell their names ☐

There were stories shared with the usual tales of woe and before long all chatter turned to the menu and what to order.

Nosh

Circle called by **GM STD** at 7.15 and announced that postcode hash will begin next week. We can have 30,000 people at an AFL game but 35 responsible people can't gather for a hash run. Go figure! 😏

Run report

Walk report was given by **Sir Slab** and he (correctly) said the walk was straight back from the light rail station.
