

Hash Trash .. *don't let the facts get in the way of a good story!*

We arrived at Lions Park Mudgereebea to be greeted by **Iceman** with a pile of waivers to be signed. The lights from the adjacent tennis courts provided convenient extra lighting for our venue. Knowing the tennis court lights would go out before we finished **Sir AH** took advantage of our rate payer funds and plugged extra lighting into the power-points in the shelter and heated the entree and cooked our gourmet meal with free power from the BBQ.

Sir Two Dogs called the pack to order at 6.13 and introduced the Hare and birthday boy **Sir AH**

There was a massive cheer of excitement when Hare announced that there was a marked run for runners and walkers.

It was a great surprise when 48 runners turned up and Birthday Boy **Sir AH** had to revise his dinner plans. A quick trip to Aldi to buy more food was in order because no amount of skill with water, fish and bread could make the existing Nosh feed the 48 hashmen who had arrived. This posed the question.... Was this increased turnout a sign of confidence in new committee or simply a return of our Hash family from the forced Covid separation? As is tradition ... (don't let the facts get in the way of a good story) we will call this a vote of confidence in Sir Two Dogs and his new committee.

Kwakka and the Chevron Mafia arrived late and the tap and go station was set up for returning walkers and runners to pay for their night. This system worked well as the trickle of returners and late arrivals avoided the usual long queues to pay, and the electronic transfer to the numbered Swiss bank account was complete. New boozemaster **Foxtrot Oscar** excelled in his new role providing light mid and heavy beer with cask and bottled wine.

The entree of spicy tomato soup was served followed by heaps sausages, cooked on the council BBQ.

GM Sir Two Dogs called circle at 8.15 and asked for a run report for run number 2213 **Arsnik** represented the (record) 23 runners and said it was a good run and length with good use of bush and road with a well set trail. He recalled that there was one event which attracted more attention than intended, as the pack ran passed a group of Girl Scouts with spoof blowing a rape whistle, he used in Nerang Forest. The problem became more serious as the Girl Scouts seemed to know what a rape whistle sounded like and started frantically reacting. Could you imagine the police report ..

Officerwhat's your name?

Spoof Spoof

Not even Leach and Leach could get him off this one!!!

Arsnik gave the run a 9.5!!!

The **Ballbag** walk report was obviously for another walk that he went on, as the walk the Hare set was also regarded highly.

Nosh report by **Sir Ferret** centered on the Sausages and how the gourmet was back in hash. He was one of the chefs and said the superbly cooked sausages complimented by cooked

onion and garnished with pickles and sauce and served in bread envelopes were worthy of the accolades the pack bestowed on the meal.

GM gave a Down Down to Sir AH and then called on visitors to enter the large circle to introduce themselves

Spoof introduced himself as son of **Ballbag** saying ..”but it has not yet been proven in a court of law.” **Spoof** might bring Leach and Leach out of retirement.

Ledger announced he needed extra social distancing because he was from Melbourne. Immediately **Cumsmoke** asked him do you barrack first Richmond and **Miscarrage** asked if he barracked for Carlton.

Eddie was in the circle. He is Latrine’s brother in law who has been left in the care of **Swindler** since **Latrine** won’t pay the exorbitant fees the airlines are charging for repatriation from his dual citizenship in the United States. Eddie has discovered the **Chainsaw** whilst on **Swindlers** farm which is much more efficient than the machete he uses in his homeland of Philippines. Hence his hash name **Chainsaw**.

GM called **Iceman** into the circle and anticipation rose as the expected punishment would be issued. Instead the **GM** recognized and awarded **Iceman** with 300 runs

GM Sir Two Dogs announced a new outline for this years Hash starting August 3

The **GM** released new **RA Brewtus** who was dressed as Elvis with strap on boobs. Earlier the **RA** had strategically and publicly laid out 8 tubs of ice in the circle.

RA called for charges from the pack and **Y2K2Jelly** charged his mates **Brewtus**, **Arsnik** and **Pepe le Spew** with a soft charge of running through a regroup. All 3 including the new **RA** had a DD.

Then the **RA** stepped up a gear and called the past committee to the middle of the circle and allocated them a tub of ice each and they complied with the order to sit on ice.

Whilst on the ice **Nasty** was asked to give a note but for some reason forgot how to do it, so whilst he was remembering the **RA** called for jokes. Lucky for those in ice **Ballbags** did not get to tell one of his stories. Instead there was a series of one liners and short jokes that were straight from Donald Trumps locker room joke book ... too crude to repeat here .. after these obscenities **Sir Prince Valiant**, **Iceman**, **Fullershit**, **Arsnik**, **Pepe le Spew** and **Trucktyres** stood up from the ice

Returning runner **Commander Head** entered the circle with a charge from the 1997 Sunsets on the Empire Hash in Hong Kong. Well does he have a long memory?!

He reminisced about the golden days of hash as he told us a story about how a certain Hashman was delayed getting home after the event in Hong Kong. Qantas had one flight a day and he checked in to the departure Qantas Club lounge and enjoyed the drinks so much that he missed his flight ... not once but two days in a row -

Shat was the culprit and the funniest thing is that he had to call in sick for two days to his boss who was **Commander Head** who knew where he was.

This abuse of customer service by **Shat** is why we get charged for flight changes now. **Shat** was awarded the Golden Wings award.

DD

Next a charge was **Ballpoint**

who called in all his “fucking clowns from Nerang Hard Core Hash” better known as Nerangatangs to express his compassionate style of leadership of his Covid Comrades. In short **Ballpoint** wanted his team to rub out the arrows so he could run the trail without a check because he arrived late. He charged his mates because he was late to Hash. He might have created a new record for saying fuck 37 times in 2 minutes

A Charge of **Caustic** Pooh Jogger was made and **Caustic** explained how he had the “runs” whilst setting a run and it ran out. Lucky he had toilet paper to mark the run! A nice couple who were bush walking caught him having an emergency evacuation and he calmly said ... sorry no oxygen masks— just move on

RA who was having a busy night then moved on to AGPU charges supplied by **Sir Prince Valiant**

DD were awarded to

Kwaka for falling over twice

Chainsaw who fell asleep and **Hardon** who fell asleep.

RA did something very rare in Hash and **Skyhook** was renamed to **Derolicked (my balls)**

After 45 minutes of circle **Ballpoint** wanted to add more and to allow more variety and save another 6 cans of beer for the next 13 people **Ballpoint** would charge the **GM** intervened and played the “time card” and asked **Sir Prince Valiant** to tell a story about his relaxing walk along to beach on his way to a romantic pub dinner with the Princess. **SPV** told us a story nudists and sex on the beach and then he ran into Exiled Hasher **Vile** who insisted on having dinner with the Prince and Princess

What did you do wrong in life **SPV**? We would not wish this on anyone

POW **Pepe le Spew** was unjustly given the POW on March 16

Pepe le Spew

Called out

Weekly Arsnic Cumsmoke Iceman and newly renamed **Derolicked**

The Winner of the POW was **Cumsmoke** with the reason “just because”. Well that’s Hash!

The **GM** called for next weeks run and **Miscarriage** announced it will be at Blackstump court Blackstumpsville with a radical

option of a 5 o’clock start to allow the walkers and runners to return in time for sunset drinks and cuddles on the hilltop as the sun sinks in the west. He also offered the bonus of an open campfire and said he will use the trailer.

Sir Prince Valiant shared with the circle that the last campfire started by **Miscarrage** turned into an inferno that destroyed his neighbors property. That's a great strategy to buy out your neighbors cheaply.

End of circle was called by
Blackstump at 9.pm.
