Special Note:

Many of us attended InterHash in Goa some years back [2002] and will remember the local cuisine as being quite different to the run of the mill Indian. Goa in Main Beach maintains the tradition and brings a modern touch.

After Lunch we can repair to Domani's just across the street.
This is the practice location for our very own Main Beach Choir

'repair to somewhere'

to go to another place, usually in a group of people:

"After lunch, we repaired to the bar for drinks."
